A FIRST-CLASS THREE-MASTED SCHOONER FOR SALE.

THE SCHOONER ANNIE WALLACE,

SCROFFLA OF LUNGS RELIEVED.

I am now forty-nine years old, and have suffered for the last fifteen years with a lung trouble. Several members of the family on my mother's side of the house had died with consumption, and the doctors were all agreed in their opinion that I had consumption also. I had all the discressing symptoms of that terrible disease. I have spent thousands of soliars to arrest the march of this disease; I have employed all of the usual methods, not only in my own case, but in the treatment of other members of my family, but temporary relief was all that I obtained. I was unfor for any manual labor for several years. Hy chance I came into possession of a pamphiet on "Blood and Skin Diseases," from the office of Swift Specific Company, Atlanta, Ga. A friend recommended the use of Swift's Specific, claiming that he had been greatly benefited by its use in some lung troubles. I resolved to try it. About four years ago I commenced to take S. S. S. secording to directions, I found it an invigorating tonic, and have used about fifty bottles. The results are most remarkable. My cough has left me, my strength has returned, and I welgn skiy pounds move than I ever did in my life, it has been three years since I stopped the use of the medicine, but I have had no return of the disease, and there are no pains or weakness feit in my lungs. I do the hardest kind of mechanical work, and feel as well as I ever feit since I was a boy. These, I know, are wonderful statements to make, but I am honest when I say that I owe my existence and health to-day to swift's Specific. It is the only medicine that brought me any permanent relief do not say that Swift's Specific will do this in every case, but most positively affirm that it has done this much for me and I would be recreant to the duty I owe to antifering humanity if I falled to bear this conderful medicine, I am well know an the city of Montgomery, and I can refer to the best citizens in the city. the sufferers about \$4,300, and will raise considerably more. a body.

and costs.

Benjamin Crump (colored), drunk and

WORK ON THE CITY-HALL LOT.

Fair progress is being made with the excavation for the City-Hall foundation, but it will be a month or more before the stone-masons can be set to work. The earth removed is being hauled to the north end of Seventh street and to the north end of Kleventh street. With it at the former place a street will be constructed across the gulley to Navy Hill, and thence or ward in the direction of the Tanner & Delaney Engine Company's works. It is desirable to deposit it all at Seventh street, but there is not sufficient dumping-room for all the carts there, and hence some of them are being sent to Eleventh street, where also the street is being extended.

are being sent to Eleventh street, where also the street is being extended.

The City-Hall lot will be dug out to a depth of about 154 feet at the highest point, which is at the northwest corner. The southeast corner is the lowest, being about 6 feet 4 inches lower than the northwest corner.

The building as projected by the Myers plan will cover all the ground, from sidewalk to sidewalk, between Broad and Capitol streets, but will be some 45 feet less than the width of the lot from Tenth to Eleventh streets. On the northwest corner a tower will rise to the height of 180 fcet.

Arrangements have not yet been made by the committee for quarrying the stone, but soon will be. The plan is to haul it to Richmond either by the Danville or the Alleghany road, and thence by the Connection railway to Elba station, where the locomotives will leave the cars, and horses will draw them at night down to the City-Hall lot. To render this scheme practicable an agreement will have to be entered into between the city and the Street-Railway Company, and one of their tracks—that on which the Fredericks burg cars formerly ran-will have to be extended from Ninth street to Eleventh. That the City Hall is now fairly un-

der way there can be no doubt. Engineer, the Council Committee, and the two branches of the Council all seem resolved to push it steadily on-

Things All Right on Belle Isle. The Dispatch of Tuesday announced the fact that when, on the day before, operations were resumed in the nailmaking department on Belle Isle, about one third of the feeders refused to go to work because the railers would not give them three fifths of the amount paid for cutting a barrel of nails stead of one cent over one half, which they had heretofore received. The feeders, finding that their demands would not be acceded to, have gone to work, and now all of the machines are in operation except a few in cases where the feeders have obtained employment elsewhere. Most of these, it is understood, will soon return; if they do not substitutes will be put in their places.

Yesterday, for the first time since early in June, things were in full blast on the island, and the place presented an active business appearance. It is a source of gratification to the public bat the differences there have been adjusted, and that, the men having returned to their machines, everything is working smoothly. Personals and Briefs.

Judge W. S. Simmons, of Botetourt, is in the city. Mr. Myers Martin, of Charlotte county, is in the city.

TO BE REGISTERED ANEW.

Morrow Night. &c., &c., &c. There is to be a new registration of voters here on September 23d, 24th, 25th, 27th, 28th, and 29th. The old registration-books will be done away with, and all who do not enroll them

days, or on the regular day of revision ten days prior to the election, will be deprived of the privilege of voting for member of Congress.

The last general registration here took place ten years ago, and ever since that time the books have been undergoing a steady process of disfiguration by the addition of new names and by the of new names and by the

transferring of voters from one precinct

selves on the new lists on one of these six

The names of many dead have been erased, but names of many more still stand upon the books. No system of purging short of a general registration can put the books in a proper condition to be relied on as a correct register of voters. Having been in-formed of these facts, the General Assembly clothed the Electoral Board of Richmond with the power to order a new registration in 1885, but the Board did not see their way clear to accept the provisions of the act. Then the General Assembly renewed the act for 1886. The Board had deter-mined to have the new registration in the spring of the year, but the localoption election having been ordered, and the municipal election following close upon that, they were forced to reconsider rather than overwhelm the people with a multiplicity of elections and registrations. Now they have fixed upon the dates from September 23d to

29th inclusive, Sunday excepted.

Registration begins on a Thursday and ends on a Wednesday. The

registrars will sit from sunrise to

sunset at each of the twenty-four pre-

cincts. Should any one fail to register

during these six days he will have another opportunity to do it at the revision of the books, ten days prior to the November election. Each registrar is authorized to appoint a clerk. Some of the registrars think that one clerk will not be enough; that there ought to be two clerks for each registrar, so that one clerk may attend to the white book and the other

clerk may attend to the colored book Whether a new registration should have been ordered just at this time is a matter of doubt with some; but the Board, (composed of Messrs. William H. Palmer, R. T. Pemberton, and W. J. Westwood.) had all the facts before them, and, upon their best judgment, have decided that the registration shall be had. There is, therefore, nothing to do but to prepare for it.

lingworth, having spent a few days at Virginia Beach, returned to the city some days ago, and to-day Captain Wise will go to New Kent Courthouse, there to address the voters of that county on the issues of the day.

He is in fine health and spirits, and seems now, as ever, capable of any amount of hard work.

HON, GEORGE D. WISE.

Captain Wise and Postmaster Cul-

THE CONVENTION TO-MOBBOW. There is an increasing public interest in the Convention which meets at Ellett's Hall to-morrow night. Delegates will be present from Richmond, Manchester, West Point, Dover Mills, and this congressional district. Each assembly-or members of it in meeting after the assembly adjourned-will send five representatives, and there wil

be in all about two hundred present.

The Convention will probably be called to order by the Hon. Henry L. Carter, as a member of the District Committee, and the question to be de-cided is whether the workingmen will endorse the Hon. George D. Wise, or will nominate a candidate of their own. or will make any movement at all with reference to the election of a congressman in this district. There are some who favor non-action, some who wish to have Wise endorsed, and others who

urge that the workingmen shall put for-ward a candidate of their own and from their own ranks. THE CHARLESTON SUFFERERS.

Over Five Hundred Dollars Collecter for the Purpose Yesterday. The collections made yesterday by General Anderson and Mr. Grundy, together with what was left at the State office, amount to \$588-making a total received by the State of \$2,784 Messrs. Allen & Ginter have sent privately \$250, and Mr. R. E. Blankenship, president of the Old Dominion Iron- and Nail-Works, has sent his check for \$150. Mr. Millhiser, of the firm of Millhiser & Co., has sent his in-

dividual check for a goodly amount, in addition to the liberal sum contributed by the firm.
Lodge No. 10, A. F. and A. M., have contributed \$25, and the same has been

MEETING AT THE TOBACCO EX-CHANGE. A meeting of the Tobacco Trade was held at the Tobacco Exchange yester-day at 12:30 P. M. to take action in day at 12:30 P. M. to take action in reference to the Charleston sufferers. Mr. F. M. Boykin presided. After some discussion it was decided to open a list for individual subscriptions. General Peyton Wise was placed in charge of the list. Quite a handsome sum was subscribed, and further action postponed until to-day at 12 o'clock.

The Tobacco Trade will no doubt supplement the private subscriptions by a handsome donation on its part as

Mr. F. H. Habliston, of the firm of Habliston & Brother, the last witness examined, said that the accused called to see him and exhibited photographs of his line of goods and solicited an order.

order.

The defence introduced no witnesses.

Mr. Royall pleaded that Howard was ignorant of the law, and did not wish to do anything to violate it; he came to the city, and merely called to see the furniture-dealers in order to allow them to see his line of goods, so that is case they wanted anything of the sort they could order direct from the factory; that he did not solicit orders himself.

cus entertainments that can be classed as the best ever given here. The J. B. Doris circus exhibited to large audiences at East Boston, Charleston, Chelsea, ard Cambridge, and gave the best circus performance ever given in those towns. James Robinson rode barebacked horses in a most surprising, masterly, and artistic marner, and proved that the title "Champion," as printed on the bills, is rightfully his. Miss Katie Stokes is a wonderful rider, and surpassed even the expectations of the public by her clever performances. Every act was good, every artist per-fect. We could name nose without praising them. The performances gave better satisfaction than any circus Boston has had in years. It should be well received for it is in every way well worthy of mention, possessing strange and fine animals seldom seen in travelling exhibitions. Space forbids detailed mention, and we must confine
